

An update for our neighbors in Garden City

We're making improvements to the natural gas system to provide better service to the community

In the coming weeks, National Grid and Grace Ind., will be working to replace over 1250 ft of gas main as well as upgrading 8 individual customer's service lines along; 7th St and Franklin Ave

Energy plays a critical role in our day-to-day lives and ensures the well-being of our community. That's why we are investing in infrastructure upgrades that will help us to provide safe and reliable natural gas to our customers for years to come.

We anticipate that the duration of the entire project will be approximately five weeks.

What you may expect during construction:

- Crews will generally work between the hours of 8am-5pm.
- We anticipate no road closures. However motorists can expect lane shifts, merging traffic and slight delays. Traffic signs will be posted and flaggers positioned when required.
- Street side parking on 7th St will be temporarily unavailable during day time work.
- The safety of the public and our crews is our first priority. Please use caution around our construction zones, and pay attention to traffic cones, cone bars and barricades

Thank you.

National Grid responds to gas emergencies 24 hours a day. If you smell gas, act fast and call our gas emergency line, 1-800-490-0045, or dial 911

If you have any questions about this project, please send an email to:

lijurisdiction@nationalgrid.com

A customer and community representative will respond to your inquiry.

Not currently a natural gas customer? Act now!

A \$1,000 incentive may be available to upgrade to Natural Gas. If you are interested in having a gas service brought to your home for gas heat or a gas appliance now is the time to act while we are on your street improving the gas system.

*\$1,000 incentive only applies to new customers who add a gas service line while natural gas improvements are being made on your street.

****Please note: Every National Grid employee carries a photo ID card and any contractor doing work for us is also required to carry ID.**
